

# SB001 XBXX1 Swivel bracket

Assembly Instruction and Usermanual

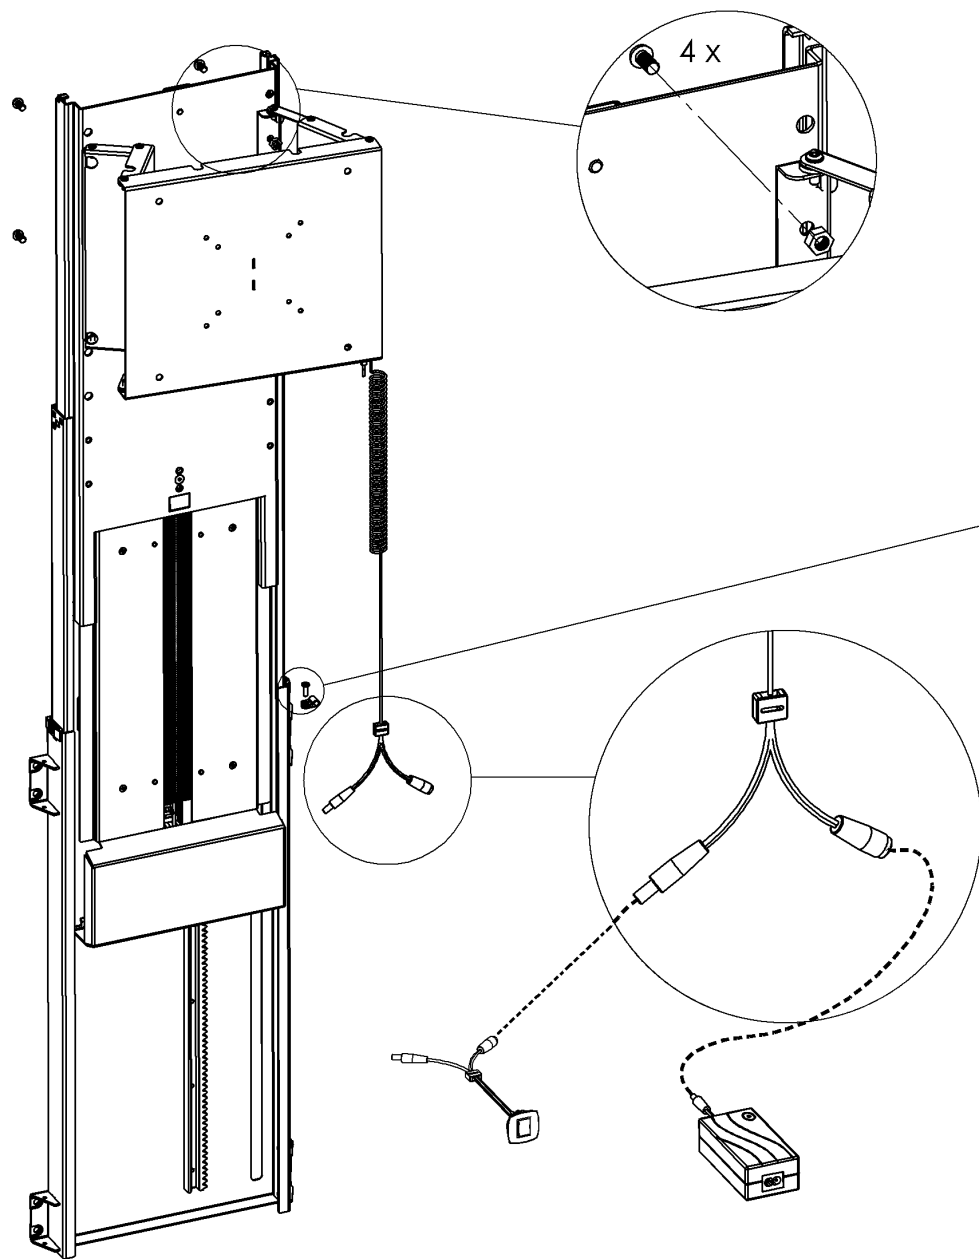

# For TSXXXXA/TSXXXXC lifts

TS700/1000 mounting showed.  
On TS750 this cable clip has to  
be fix to the wooden back panel.

**Max allowed weight of TV mounted on SB001: 15 kg / 33 lbs**  
**Max TV size for SB001 is 46"**

# For TSXXXXB lifts

TS700/1000 mounting showed.  
On TS750 this cable clip has to  
be fix to the wooden back panel.

**Max allowed weight of TV mounted on SB001: 15 kg / 33 lbs**  
**Max TV size for SB001 is 46"**

The lift can only be operated when the SB001 swivel bracket is placed parallel to the lift. If the lift and swivel bracket are not parallel the safety switch of the swivel bracket will prohibit the supply of power.

Depending on the weight of the TV added it may be necessary to adjust the magnet (see below) to get the perfect function of the safety switch.
